Nords Wharf – Revised Statement of Commitments	
Subject	Description
	<p>On Conservation Lands: DECC has advised that it will prepare an Aboriginal Cultural Heritage Management Plan for the land being transferred into their ownership.</p>
European heritage	<p>Prior to commencement of works on site, the Owner is to recognise the Scout's occupation of the site through heritage interpretation.</p> <p>The Owner is to compile an oral history and documentary history of Scouts in the region and produce a publication of the Regional Scout History.</p>
Traffic and Transport	<p>The Owner is to:</p> <ul style="list-style-type: none"> ▪ Implement local traffic management measures within the development and existing local roads where required. Details will be submitted with the Construction Certificate application. ▪ Dedicate public roads to Lake Macquarie Council at no cost to Council <p>Areas to be dedicated as public roads will be constructed and embellished in accordance with the specifications of the Concept Plan</p>
Pedestrian access and bus stop along Government Road	<p>A 1.2m wide pedestrian pathway is to be constructed along Government Road to the nearest bus stop. Details will be submitted with the Construction Certificate application for Stage 1 works..</p>
Water Quality & Quantity Management	<p>Prior to any works commencing on site, the Owner will prepare and implement the following stormwater management measures:</p> <ul style="list-style-type: none"> ▪ Implement WSUD to manage stormwater in accordance with relevant council/DECC policies. ▪ Manage flood risk according to the NSW Floodplain Development Manual. ▪ Construct stormwater management controls to ensure that the percentage level of pollutant export loads (achieved through WSUD) is within the limits specified in relevant Council policies. ▪ Prepare a stormwater management strategy. ▪ Prepare a groundwater management strategy. ▪ Prepare a maintenance regime for the proposed groundwater management system, stormwater treatment systems. ▪ Housing lots need to provide appropriate on lot detention for stormwater

Nords Wharf – Revised Statement of Commitments	
Subject	Description
	<p>These strategies should adopt the mitigation measures recommended in the Marine Baseline Assessment prepared by GHD and dated October 2007 to reduce potential impacts on Crangan Bay.</p> <p>Details on the proposed bio-retention basins, bio swales and swales are to be submitted with the Construction Certificate application. Prior to any works commencing on site, the Owner will prepare a maintenance program for bio-swales, public stormwater system/basins. The Owner will manage these facilities for a 5 year period or until all lots are sold (whichever occurs first).</p>
Bushfire Management	<p>A Bushfire Management Plan will be prepared and certified by a suitably qualified consultant as complying with the requirements of the Planning for Bushfire Protection Guidelines 2006 and any requirements of the NSW Rural Fire Service. The required plan will include, but not limited to, the following documentation:</p> <ul style="list-style-type: none"> ▪ Location of permanent Asset Protection Zones (APZ) and fire trails. ▪ Location of temporary APZ's and fire trails such that adequate protection is provided to the subdivision at all times during construction. ▪ APZ establishment methods. ▪ Location of habitat trees to be retained. ▪ Areas of vegetation to be removed, retained or replaced. ▪ Fuel Management measures to be in accordance with the Nords Wharf Fuel Management Plan prepared by RPS Harpers Somers O'Sullivan Pty Ltd ▪ Access to services. ▪ Existing and proposed plant species. <p>Ongoing management of APZs should comply with the requirements of the Planning for Bushfire Protection Guidelines 2006 and any requirements of the NSW Rural Fire Service.</p> <p>The Bushfire Management Plan will be submitted with documentation accompanying the Construction Certificate application.</p>
Landscaping	<p>Landscaping will be undertaken in accordance with the Nords Wharf Illustrative Concept Plan and Urban Design Guidelines prepared by AJ+C and Aspect Studios.</p>
Contamination, Geotechnical and Mine Subsidence	<p>The Owner will undertake further assessment in regards to contamination and geotechnical investigations as recommended</p>

Nords Wharf – Revised Statement of Commitments

Subject	Description
	<p>in the preliminary contamination, geotechnical and mine subsidence assessment reports prepared by Douglas Partners .</p> <p>The land is required to be remediated before the land is used for residential purposes. Prior to the issue of the construction certificate for Stage 1 Works the following must be undertaken.</p> <ul style="list-style-type: none"> ▪ Further delineate the extent of contamination. ▪ Development of a Remediation Action Plan. ▪ Appropriate remediation conducted to remove identified contaminants exceeding the DECC land use criteria. ▪ Deleterious material and possible associated surface impact removed. ▪ Validation testing and verification. ▪ Validation of asbestos contamination should be conducted by a qualified asbestos consultant. ▪ Waste classification to DECC guidelines of any materials destined for off-site disposal at a licensed landfill.
Tree Management	<p>The Owner will prepare a Tree Management Plan prior to any works being undertaken on site. The Tree management Plan will provide for the protection of trees of significance (habitat and old growth) during lot planning by marking and retention of significant trees wherever appropriate prior to progressive clearing of sites.</p> <p>The Tree Management Plan will also be, to the extent possible, consistent with the plan approved by the Federal Minister with respect to clause (c) of condition C3 of the EPBC controlled action approval.</p>
Roads, Engineering, Infrastructure and Services	<p>The Owner will provide for new roads and connections as per the plans included in the Concept Plan prepared by AJ+C and Aspect Studios.</p> <p>Road Infrastructure including road pavement, footpaths, kerb and gutter (where required), drainage services, street trees, street lighting, signage and line markings will be provided for the subdivision, in accordance with Council's requirements, except as otherwise provided by the Concept Plan and Urban Design Guidelines.</p> <p>The Owner will provide reticulated potable water and sewage services to each residential lot in the subdivision in accordance with Hunter Water requirements.</p> <p>The Owner will provide underground power to each residential lot in accordance with Energy Australia requirements.</p> <p>The Owner will provide underground telecommunications infrastructure to each lot in the subdivision.</p>

Nords Wharf – Revised Statement of Commitments	
Subject	Description
	<p>Areas to be dedicated as public roads will be constructed and embellished in accordance with the Urban Design Guidelines of the Concept Plan.</p> <p>All road reserves to be constructed will be dedicated to Lake Macquarie Council at no cost to Council.</p>
Environmental Management	<p>The Owner is required to prepare a Statement of Interim Management Intent (SIMI) prior to commencement of works for the protection of transferred conservation lands. The SIMI will relate to the interface (maximum width of 100m) between the development areas and the conservation lands as well as the Foreshore area identified in the plan prepared by RPS. The Owner's involvement with the SIMI will be limited to:</p> <p>Cost of preparing the SIMI;</p> <ul style="list-style-type: none"> ▪ The actions arising from the SIMI for a specified period of 5 years commencing from the date that the SIMI takes effect or until all lots are sold (whichever is the earlier) relative to each development area precinct to which the SIMI relates. <p>The SIMI will include undertaking ongoing management of Asset Protection Zones (APZs) for a period the lesser of 5 years from commencement of works or until all lots are sold relative to each development area precinct. Management will be undertaken in accordance with Council / NPWS best practice respective to the land ownership plan prepared by RPS. The Owner is to prepare the APZ Management Regime respective to the land ownership plan prepared by RPS. prior to commencement of works.</p> <p>The SIMI for the foreshore area is to be prepared in consultation with the NSWG/DECCW and Traditional Owners.</p>
Pet Management	<p>The Owner is to prepare a Strategy to combat the potential impacts of pet ownership to native bushland including:</p> <ul style="list-style-type: none"> ▪ Appropriate signage and educative programs (for example letter box drops and brochures to be included within the bill of sale for each property). ▪ Local Council strategies, policies and programs should be acknowledged in relation to this.
Subdivision Certificate.	<p>A Subdivision Certificate application will be submitted in respect of the subdivision. It will be accompanied by the following documentation:</p> <ul style="list-style-type: none"> ▪ A survey plan prepared by a Registered Surveyor ▪ Instruments prepared under s88B of the Conveyancing Act as appropriate. ▪ A Section 50 Certificate from Hunter Water. ▪ The appropriate notation will be placed on the plan of subdivision and an instrument under Section 88B of the Conveyancing Act will set out the terms of the easements and/or rights of carriageway and/or restrictions as to user

Nords Wharf – Revised Statement of Commitments

Subject	Description
	required for the subdivision.
Transfer of Land	On issue of the Subdivision Certificate and the Concept Plan approval the conservation land is to be transferred to NSWG.
