Subject: RE: COAL & ALLIED SOUTHERN ESTATES PROPOSAL-MIDDLE CAMP (MP10_0089)

I would like to voice my extreme opposition to the proposed development in Catherine Hill Bay. I have been a frequent visitor to the town for many years. The proposed development is an issue that affects many more people than those who live in the town. I believe that the town is part of the cultural heritage of this country - small, vibrant and healthy coastal communities that are a cornerstone to our cultural identity. This is a heritage that which we risk losing entirely if such developments continue to wipe out all trace of such communities.

The proposed development would completely dwarf the existing community. I don't believe the character of Catherine Hill Bay, the charming community as it has always been, would survive the development.

Please don't sell off our country's cultural identity.

Yours sincerely,
