NOTE - Please do not include my name with this submission.

I object to the proposed development at Gwandalan for the following reasons:

- Valuable bushland will be lost, & adversely impact wildlife.
- The area has limited facilities (shops, boat ramps, parks, medical, schools) & will not be able to cope with increased demand.
- The quality of water in the lake & number of fish has worsened over the past number of years, so additional development will add to pollution, including rubbish & stormwater runoff.
- There are plenty of properties currently available to purchase, so additional development will result in oversupply.

For the above reasons I strongly object to this proposal.
