**Re: State Significant Development Warriewood Valley(MP 09\_0162)**

The Department of Education and Training did not receive notification of this proposed residential development from the Department of Planning, however information was sourced from the D.O.P. website.

On the basis that the forecast dwelling yield of 600 dwelling units, the Department of Education and Training estimates that there could be 42 primary aged children and 36 secondary aged persons from this proposed residential development.

This number of children can be accommodated in the existing local primary school at Narrabeen North Public School and at Narrabeen Sports High School, both these schools share the same site, very close to the Boondah Road development.

For further consultation on school planning matters associated with this residential development, the Department's contact officer is Ms Sandra Patterson , A/Senior Planner, telephone 9561 8544 or email [sandra.patterson@nsw.edu.au](mailto:sandra.patterson@nsw.edu.au)

I trust that this information is of assistance.

Yours sincerely

Sandra Patterson  
A/Senior Planner
