My view on improving the proposal is;

There needs to be more public/car access from Lemongrove Bridge northern side and milk factory to the Railhead and proposed shopping plaza. The current plan puts all access onto Corren ave which is not able to cope in its current form. More work needs to be done to have easier access to the north and south of Penrith Putting a dead end traffic blockage to the northern side of the station is just plain no think!!

The mix of light industrial and housing looks good but the integration of the land behind Coombewood on the western side of the site is still a mystery This needs to be treated in the same fashion as the oval. giving residence more visibility to this currently hidden treasure. The ADF need to be moved to a more suitable site and provide more flexibility with the development.

Name: David Blythe
Organisation: Resident

Address:
34 hillcrest ave
Penrith

IP Address: cpe-121-217-227-97.inse3.cht.bigpond.net.au - 121.217.227.97
