SUBMISSION

RE: C & A Proposals @ MP10_0088,
Gw. MP10_0084 & CHB MP10_0089.

I am resubmitting my previous objections to development at NORDS WHARF, GWANDALAN, & CATHERINE HILL BAY (Middle Camp).

REASONS include:

- make area too crowded. No hope for people who want to relax.
- If people come to retire, the noise of the kids.
- Want to be still able to ride from Nords to Gwandalan. E.g. have community horse races.
- Avoid onto highway & then long drive down Kanangra Drive. Kanangra possibly means meeting place which it was for Aboriginal people & Boy Scouts at holiday time at Nords Wharf on Lake Macquarie.
- People walked all round e.g. Nords to Swansea. There were not & not row a lot of buses.
- Advantage in the villages of Nords & parts of Gwandalan is those without cars can walk to the General Stores.
- Used to be able to walk to Highway & catch bus back to Sydney.

- Used to walk thru⁽²⁾ or ride a horse thru to Catherine Hill Bay from Nords Wharf, through the bush.
- People used to carry their surfboards thru the bush to surf in the Pacific Ocean - then walk back.
- We don't want to bring in the Criminal element from Sydney.
- During the holiday times there are more problems with theft on the Peninsula.
- It makes it very uncomfortable when the new peoples come into the Community organisations and ^{are} arguing about everything. Some of the existing hard-workers leave in disgust. Its breaking up the bonds in the Community.
- Don't think it is right to develop at the back of Middle Camp. It would Spoil all the bush & everything else.
- I'll leave it at that for the time being.

Spoken to Joy who wrote down my words
My name is : Marjorie DEAVES

I have lived in Nords Wharf 79 years, I came here when I was 8 years of age.
