24 November 2010

Department of Planning  
GPO Box 39  
SYDNEY NSW 2001

Dear Sir/Madam

**Re: North Ryde Station Precinct**

I refer to the meeting held on 24 November 2010 between the Office of Strategic Lands (OSL) and the Transport Construction Authority (TCA) at the OSL offices regarding the North Ryde Station Precinct Concept Plan Application, the State Significant Site (SSS) listing and the Stage 1 Project Application (PA).

OSL, as landowner of Lot 565 DP 28914, have no objections to our land being included as part of the State Significant Site listing and Concept Plan Application.

It was agreed at the meeting that OSL would be a member of a TCA managed Project Control Group with regular and frequent meetings to further develop the Concept Plan, SSS Application, Stage 1 PA and any other relevant documentation to support the proposal.

Yours sincerely
