I hereby declare that I have made no political donations in the past 20 years.

Date of preparation: 08 March 2011

Objection to the current Development Application and Concept Plan that Shore School has lodged with the Department of Planning for the historic Graythwaite site in North Sydney

Why should the current application be rejected, and a public enquiry held?

The proposed development will have an unacceptable impact on the neighbourhood:

Hinder traffic conditions and cause concern for pedestrians.

The site will not fit well with the heritage style buildings surrounding it.

It will impact on vegetation and wildlife

Parking conditions will be under much pressure

The community will lose its historic charm.

Privacy and views of existing homes will be affected.

I propose that a public enquiry be held to determine an alternative development acceptable both to the community and to the school, and seek your support for this.

Yours faithfully
