I am 11 and a half. I live in Bank Street.

I strongly disagree with the development that is proposed by the Shore school.

These trees - behind my house - are a nesting place for the coocou bird, and for bats. 100 of these trees are going to be cut down - where will these animals go? The government is always saying that it is trying to protect the environment and nature. Allowing development like this would mean that the government was telling a lie. And I don't think that people like a government that tells lies.

The size of the building is unacceptable. The building is so close to my back fence - why should these people be be to look into my house, and over our pool?

This is unfair.

The noise made by the school will stop me from being able to do my schoolwork properly.

This is an unfair proposal and should be stopped.
