Dear Sir/Madam

I am appalled by Shore's lack of consultation with its neighbours which includes many people who live nearby and who will be badly affected by this massive over development.

The loss, not only of the greenspace that fronts onto Union Street, but the large amounts of ancient, healthy fig trees and etc. that will be cut down to be replaced by buildings and etc. is appalling.

Shore should at least consult with the local residents out of politesse. It needs to have a meeting with the residents as a matter of urgency. Its arrogance and seeming disregard for its area is worrying.

Not only will its students have increase danger from more cars coming to the area, but all residents and visitors to this area will be threatened.

The Dept of NSW needs to be brave in the face of this over development and reduce its size, ask the residents what they would consider manageable and have a proper, open debate with Council in attendance. The increase in cars along Edward St, Union St and etc. is worrying.

As a family of four with children who go to local Schools, we urge the Dept to use common sense and not waste this green space, nor let it be over developed.

Sincerely

Ms P Vice
