I'm distressed to hear that one of our few remaining open spaces in the inner city is about to get built on by SHORE. Apart from the beautiful trees and ambience the open space provides, it will be a traffic nightmare in an already congested suburb. SHORE has other options available to them.

Can you PLEASE have a public inquiry so concerns/ alternatives can be investigated?

Sincerely,

Paul Bates

In your comments please ask for a public inquiry and voice your objections to the loss of open space and trees, plus the potential traffic chaos.

We can save this stunning park with its majestic fig trees and amazing heritage
