I object to this development on the following grounds:

- it denies public access to a property bequeathed by the original owner to the people of New South Wales. When the purchase was announced the School stated that restricted public access would be provided.
- it is a gross overdevelopment of the site in terms of site coverage and building bulk.
- the intended increase of 500 students and 50 staff will significantly increase traffic volume and pressure on surrounding streets and residents.
- the loss of significant trees before approval has been granted is an act of vandalism.
- Part 3A legislation has not delivered rational, intelligent, transparent and consultative outcomes for the people of New South Wales and must be repealed.
