I believe the development will seriously detract from neighbourhood because it

- is unharmonious with, and will detract from its surroundings, especially in light of its scale and bulk relative to the adjoining residential premises and the park-like land in which it is located
- will generate vehicular traffic far in excess of the capacity of Union Street (with which I am very familiar, having lived there for many years), impacting adversely on existing properties in and around Union Street and giving rise to safety concerns
- reduces valuable green space and requires the destruction of a significant part of a beautiful and historic park.

The importance of these issues demands a public enquiry and I believe the community's interests must be properly determined, assessed and responded to as a matter of priority.
