Currently, the traffic is heavily congested in all the roads leading to the site 110-114 Herring Road. During the morning 7:30 - 10am, and in the afternoon from 3:30 - 6:00pm, lots of cars are queueing in the following intersections:

- Epping road and Lane Cove road
- Epping road and Herring road
- Epping road and Balacava road
- Herring road and Waterloo road

The addition of the 310 residential units will make the traffic standstill in the above intersections.  
Hence, I OBJECT TO THE PROJECT unless the traffic congestion problem is resolved.
