Subject :Exhibition Of Mixed Use Development 110-114 Herring Road, Mcq. Pk
MP10 0112 and MP10 0113.

We object to the project . The reasons following.

1. Building too high for the area and sets a precedent for the area Also this building will be in direct line for the approach to Sydney Airport
2. This will create too much traffic for the area. It is impossible to drive down Herring Road at the present and there is no room for widening this street. Because of the traffic now it is impossible to get out on to Herring Road now from the approaching streets
3. The Sewerage and Drainage in this area is too obsolete to cope with any more extra people like this would create..
4. The overshadowing of the high buildings will not help the area and the adjoining buildings.

Thank you for the opportunity to reply.

Yours faithfully
