Re: MPA 07_0166 – Wahroonga Estate Concept Plan Modification to Condition B7

Dear Mr File

Further to our discussion in early November, and subsequent discussions in part with the Department's Ann-Marie Carruthers and Malcolm McDonald, I write to you with regard to three (3) proposed modifications to the Wahroonga Estate Concept Plan Approval MPA 07_0166. In summary, the proposed modifications are:

1. Insert into Schedule 1 Part A – Project and Part B – Definitions details of the Landowner being Australasian Conference Association Limited,
2. Amend Condition B7(1) as follows:
 - a. The binding Deed of Agreement to be entered into between the Landowner and the RTA (instead of the Proponent and the RTA),
 - b. Delete reconstruction / upgrading of traffic signals at The Comenarra Parkway / Kissing Point Road

Definition of Landowner in Schedule 1 Part A – Project and Part B - Definitions

For reasons mentioned below, we seek the insertion of "Landowner" in this schedule. The landowner is Australasian Conference Association Limited.

The binding Deed of Agreement to be entered into between the Landowner and the RTA

Currently, Condition B7(1) the condition requires the Proponent (being defined as Johnson Property Group in Schedule 1 Part A and Part B) to enter into a binding Deed of Agreement with the RTA for certain works. The RTA has indicated that it must be Johnson Property Group who enters into the Agreement because Johnson Property Group is the company defined as the proponent within the Concept Plan approval. However, it is in fact the landowner who will be carrying out the actual work into the future and it is more appropriate for the condition to reference the landowner instead. We propose that the Landowner execute the Deed of Agreement with the RTA instead of the proponent.

This proposed modification therefore seeks to replace the word "Proponent" with the word "Landowner" such that the binding Deed of Agreement is to be entered into between the Landowner and the RTA. The "Landowner" is Australasian Conference Association Limited, which as discussed above, is proposed to be defined in Schedule 1 Part A and Part B.

Delete reconstruction / upgrading of traffic signals at The Comenarra Parkway / Kissing Point Road

This part of Condition B7(1) requires the Deed of Agreement to detail reconstruction / upgrading of the existing traffic signals at The Comenarra Parkway / Kissing Point Road intersection.

Subsequent discussions between RTA, Council and JPG have concluded that the upgrade of The Comenarra Parkway / Kissing Point Road intersection is problematic for a number of reasons. We have all agreed that it would be better if this intersection was left as is but for the monetary contribution that would otherwise have gone to this intersection upgrade be redirected to the Pacific Highway / Fox Valley Road intersection (where this development is only currently expected to contribute to 25% of the works).

Correspondence received from Council confirming this arrangement has been enclosed for reference.

In light of the RTA and Council accepting this as an alternative, we submit this application to modify Condition B7 to

JOHNSON PROPERTY GROUP

Creating living communities

delete the requirement to upgrade The Comenarra Parkway / Kissing Point Road intersection and note that the funds that would otherwise go to this intersection be redistributed to increase our percentage share of the works at the Pacific Highway / Fox Valley Road intersection.

Please feel free to call me on 0408 991 888 should you require further information.

Many thanks

Dear Bryan

**Proposed road work improvements on Fox Valley Road
resulting from Wahroonga Estate Redevelopment**

I refer to your letter dated 7 October 2011 requiring the concept plans for the upgrade of various intersections along Fox Valley Road.

The matter was considered by Council at its meeting of 8 November 2011 and Council resolved to adopt the recommendation from the Traffic Committee, being:

"That approval in principle be given to the proposed intersection treatment works as shown in the attached plans subject to the works being fully funded by the developer and community consultation."

Also, Council does not require the upgrade to the intersection Kissing Point Road and The Comenarra Parkway as proposed. Consequently, funding for these works should be directed to the intersection of Fox Valley Road and the Pacific Highway.

Please advise Council of the outcome of the community consultation.

Yours faithfully
