Dear Sir,

**RE: PEMULWUY PROJECT, MIXED USE DEVELOPMENT
REDFERN**

We refer to Item 15 of the Director General's Requirements, application MP11_0093 for the above project, in relation to electrical supply.

Ausgrid have advised that the development will require a new two transformer substation installation on the site with associated high voltage infrastructure works, which is set out in their correspondence dated 6 July 2011, Job Reference SC03039, copy attached.

Please advise if any further information is required.

Yours faithfully,

BLAKE THOMPSON
Principal Mechanical Engineer
