

24 January 2012

**Director General
Department of Planning and Infrastructure
22 – 33 Bridge Street
SYDNEY NSW 2000**

CC: James Archdale [via email]

Dear Sir,

RYE PARK WIND FARM (MP 10_0223) CHANGE OF PROPONENT

Epuron wishes to notify the Department that it has now established a wholly owned subsidiary to act as the proponent of the Rye Park Wind Farm, and has assigned its rights to the project to that subsidiary.

This is a normal step in the development process of a wind farm. The subsidiary will be focused solely on development of the wind farm, and will be the vehicle through which financing and other commercial arrangements for the wind farm will be developed.

Accordingly, the new proponent of the White Rock Wind Farm is:

Rye Park Wind Farm Pty Ltd
ACN 153 598 586
Level 11, 75 Miller Street, North Sydney NSW 2060
Ph 02 8456 7400

As Epuron will continue to carry out work on behalf of the new proponent there will be no change to personnel in relation to the application.

Sincerely,

ANDREW DURRAN

Executive Director, Epuron
Director, White Rock Wind Farm Pty Ltd
