NOTIFICATION REFERRED TO

Right of Way over the piece of land 20 feet wide coloured brown in plan hereon as reserved by Instrument of Transfer No. B346454.

J Wells

Registrar General

Instrument of Transfer No. B346454 comprising Lot B above described contains a covenant in the following words:-

"And the transferee covenants with the transferror that the transferee for the benefit of the adjoining land but only during the ownership thereof by the transferror that no fence shall be erected on the land hereby transferred to divide it from such adjoining land without the consent of the transferror but such consent shall not be withheld if such fence is erected without expense to the transferror and in favour of any person dealing with the transferee such consent shall be deemed to have been given in respect of any such fence for the time being erected. The benefit of the foregoing covenant shall be appurtenant to the said adjoining land Provided always that upon a transfer of the said adjoining lands or any part thereof the said fencing covenant shall become void so far as regards the benefit appurtenant to the land so transferred unless an intention contrary is expressed in the transfer and the land hereby transferred shall be subject to the burden thereof and the said covenant may be released varied or modified by the owner or owners for the time being of the said adjoining land of the transferror."

Grant

CANCELLED

under 118 Victoria No 18 Section 69

Victoria by the Grace of God of the United Kingdom
of Great Britain and Ireland Queen Defender
of the Faith and so forth.

To all to whom these presents shall come greeting

Whereas Augustus Dinnell Heay of Newtown near Sydney in New Colony of New South Wales landholder is possessed of or otherwise well and sufficiently entitled in fee simple in possession to the land through which the road colored red in the diagram in the margin hereof extends And whereas it has been determined in favor of the said road to open the road through the said land as shown on the said diagram and therein colored blue which said last mentioned road has been duly dedicated to the use of the Public And whereas by reason of the opening of the said road colored blue in the said diagram the now existing road colored red on the same diagram will be rendered unnecessary And the said Augustus Dinnell Heay has offered and agreed to accept a Grant of the said road so rendered unnecessary in full satisfaction for the land dedicated and required for the formation of the road on the said diagram colored blue And His Excellency the Governor with the advice of the Executive Council of New South Wales has agreed to grant to the said Augustus Dinnell Heay the land forming the road colored red in full satisfaction for the land dedicated and required to form the road colored blue on the said diagram From Whom It is that for and in consideration of the premises and for the purpose of carrying out the said arrangement for the said land forming the said road colored red being accepted and taken in full consideration by the said Augustus Dinnell Heay for the said land forming the road colored blue in the said diagram as heretofore mentioned We with the advice of the Executive Council of New South Wales have granted and for Us Our Heirs and Successors do hereby grant unto the said Augustus Dinnell Heay his heirs and assigns Subject to the several and respective reservations hereinafter mentioned That that piece or parcel of land in New South Wales containing by admeasurement Seven acres and twenty four perches be the same more or less situated in the County of Cumberland Parish of Helwathby being part of the road now shown and originally reserved along the Southern boundary of Thomas Morris Pasture fifty eight of three hundred acres.

Commencing on the right bank of George's River at the North Western corner of Thomas Morris Pasture thirty eight of fifty acres and bounded thence on the South by the Northern boundary of that pasture and part of a Northern boundary of Thomas Morris Pasture thirty nine of two hundred acres in all bearing East seventy three chains fifty fifties on the East by a line bearing North and chain on the North by a line bearing West about seventy three chains fifty fifties to the adjacent River and on the West by that River upwards to the point of commencement Exclusively of two roads and the chain and line passing through this land in a Southerly direction the areas of which have been deducted from the total area as per diagram in the margin hereof With all the rights and appurtenances thereto belonging

And the said Augustus Dinnell Heay his heirs and assigns for ever and under the said land the rights

Of full and free ingress egress and regress into out of and upon the said land by all or any persons or person from time to time authorized in that behalf by the Governor for the time being of Our said Colony to search for minerals And We do hereby further reserve unto His Own Heirs and Successors and to all or any persons or person from time to time authorized in that behalf by the Governor for the time being of Our said Colony the right of full and free ingress egress and regress into out of and upon the said land for the purpose of mining for obtaining and removing the minerals in and under the said land

Our Testimony witness We have caused this Our Grant to be sealed with the Seal of Our said Colony

Handwritten signature

Just

Witness We Right Trusty and Well beloved Councillor The Right Honorable Charles Robert Baron Carrington Angus Esquire Knight of Our Most Distinguished Order of Saint Michael and Saint George Governor and Commander in Chief of Our Colony of New South Wales and its Dependencies at Government House Sydney in New South Wales aforesaid this seventeenth — day of August — in the fifth third year of Our reign and in the year of Our Lord one thousand eight hundred and eighty nine.

Carrie

List of NSW Contaminated Sites Notified to OEH as of 27 June 2011

Background

In response to 2008 amendments to the *Contaminated Land Management Act 1997* (CLM Act) clarifying the Section 60 duty to report contaminated sites, OEH has received 886 notifications (as of 27 June 2011) from owners or occupiers of sites where they believe the sites are contaminated.

A strategy to systematically assess, prioritise and respond to these notifications has been developed by OEH. This strategy acknowledges OEH's obligations to make information available to the public under *Government Information (Public Access) Act 2009*.

When a site is notified to OEH, it may be accompanied by detailed site reports where the owner has been proactive in addressing the contamination and its source. However, often there is minimal information on the nature or extent of the contamination.

For some notifications, the information indicates the contamination is securely immobilised within the site, such as under a building or carpark, and is not currently causing any offsite consequences to the community or environment. Such sites would still need to be cleaned up, but this could be done in conjunction with any subsequent building or redevelopment of the land. These sites may not require intervention under the CLM Act, but could be dealt with through the planning and development consent process.

Where indications are that the nominated site is causing actual harm to the environment or an unacceptable offsite impact (i.e. it is a "significantly contaminated site"), OEH would apply the regulatory provisions of the CLM Act to have the responsible polluter and/or landowner investigate and remediate the site.

As such, the sites notified to OEH and presented in the following table are at various stages of the assessment and/or remediation process. Understanding the nature of the underlying contamination, its implications and implementing a remediation program where required, can take a considerable period of time. The tables provide an indication, in relation to each nominated site, as to the management status of that particular site. Further detailed information may be available from OEH or the responsible landowner.

The following questions and answers may assist those interested in this issue:

Frequently asked questions

What is the difference between the "List of NSW Contaminated Sites Notified to OEH" and the "Contaminated Land: Record of Notices"?

A site will be on the Contaminated Land: Record of Notices only if OEH (on behalf of the Environment Protection Authority) has issued a regulatory notice in relation to the site under the *Contaminated Land Management Act 1997*.

The sites appearing on this “List of NSW contaminated sites notified to OEH” indicate that the notifiers consider that the sites are contaminated and warrant reporting to OEH. However, the contamination may or may not be significant enough to warrant regulation by OEH. OEH needs to review and, if necessary, obtain more information before it can make a determination as to whether the site warrants regulation.

Why my site appears on the list?

Your site appears on the list because of one or more of the following reasons:

- The site owner and/or the person partly or fully responsible for causing the contamination notified OEH about the contamination under Section 60 of the *Contaminated Land Management Act 1997*. In other words, the site owner or the “polluter” believes the site is contaminated.
- OEH has been notified via other means and is satisfied that the site is or was contaminated.

Does the list contain all contaminated sites in NSW?

No. The list only contains contaminated sites that OEH is aware of, with regard to its regulatory role under the CLM Act. An absence of a site from the list does not necessarily imply the site is not contaminated.

OEH relies upon responsible parties to notify contaminated sites.

How are these notified contaminated sites managed by OEH?

There are different ways that OEH manages these notified contaminated sites. First, an initial assessment is carried out by OEH. At the completion of the initial assessment, OEH may take one or more than one of the following management approaches:

- The contamination warrants OEH’s direct regulatory intervention either under the *Contaminated Land Management Act 1997* or the *Protection of the Environment Operations Act 1997* (POEO Act), or both. Information about current or past regulatory action on this site can be found on the OEH website.
- The contamination with respect to the current use or approved use of the site, as defined under the *Contaminated Land Management Act 1997*, is not significant enough that it warrants OEH regulation.
- The contamination does not require OEH regulation and can be managed by a planning approval process.
- The contamination is related to an operational Underground Petroleum Storage System, such as a service station or fuel depot. The contamination may be managed under the POEO Act and the Protection of the Environment Operation (Underground Petroleum Storage Systems) Regulation 2008.
- The contamination is being managed under a specifically tailored program operated by another agency (for example the Department of Industry and Investment’s *Derelict Mines Program*).

I am the owner of a site that appears on the list. What should I do?

First of all, you should ensure the current use of the site is compatible with the site contamination. Secondly, if the site is the subject of OEH regulation, make sure you comply with the regulatory requirements, and you have considered your obligations to notify other parties who may be affected.

If you have any concerns, contact us and we may be able to offer you general advice, or direct you to accredited professionals who can assist with specific issues.

I am a prospective buyer of a site that appears on the list. What should I do?

You should seek advice from the vendor to put the contamination issue into perspective. You may need to seek independent expert advice.

The information provided in the list, particularly the OEH Site Management Class, is meant to be indicative only, and a starting point for your own assessment. Site contamination as a legacy of past site uses is not uncommon, particularly in an urbanised environment. If the contamination on a site is properly remediated or managed, it may not materially impact upon the intended future use of the site. However, each site needs to be considered in context.

List of NSW Contaminated Sites Notified to OEH

Disclaimer

The Office of Environment & Heritage (OEH) has taken all reasonable care to ensure that the information in the list of contaminated sites notified to OEH (the list) is complete and correct. OEH does not, however, warrant or represent that the list is free from errors or omissions or that it is exhaustive.

OEH may, without notice, change any or all of the information in the list at any time.

You should obtain independent advice before you make any decision based on the information in the list.

The list is made available on the understanding that OEH, its servants and agents, to the extent permitted by law, accept no responsibility for any damage, cost, loss or expense incurred by you as a result of:

1. any information in the list; or
2. any error, omission or misrepresentation in the list; or
3. any malfunction or failure to function of the list;
4. without limiting (2) or (3) above, any delay, failure or error in recording, displaying or updating information.

OEH Site Management Class	Explanation
A	The contamination of this site is being assessed by OEH. Sites which have yet to be determined as significant enough to warrant regulation may result in no further regulation under the <i>Contaminated Land Management Act 1997</i> .
B	OEH is awaiting further information to progress its initial assessment of this site.
C	The contamination of this site is or was regulated under the <i>Contaminated Land Management Act 1997</i> . Information about current or past regulatory action on this site can be found in OEH website (www.environment.nsw.gov.au) - Environmental Issues - Contaminated Land - Record of EPA notices.
D	The contamination of this site is or was regulated under the <i>Protection of the Environment Operations Act 1997</i> . Information about current or past regulatory action on this site can be found on the OEH website (www.environment.nsw.gov.au) - Environmental Issues - Environment Protection Licences - POEO public register.
E	This is a premises with an operational Underground Petroleum Storage System, such as a service station or fuel depot. The contamination of this site is managed under the <i>Protection of the Environment Operations Act 1997</i> and the Protection of the Environment Operations (Underground Petroleum Storage Systems) Regulation 2008.
F	The contamination of this site is managed by a planning approval process. The consent authority is either the local council or a government agency, such as the Department of Planning.
G	Based on the information made available to OEH to date, the contamination of this site is considered by OEH to be not significant enough to warrant regulatory intervention.
H	Initial assessment completed. The contamination of this site is to be regulated by OEH
