**Subject:** PPR for MP10\_0229

---

Dear Amy,

Thank you for your call advising of the Preferred Project Report for the Cronulla Sharks Development at 461 Captain Cook Drive, Woollooware.

Sydney Water has no record of being advised of the Report. We have since reviewed the PPR and advise the following.

Sydney Water's initial submission centred upon the availability and capacity of our infrastructure to service the proposed development. These have not changed. Should the development be approved, the applicant will be required to meet Sydney Water's requirements and we will address any further concerns we may have regarding the development at that time. At present, we are satisfied with the Preferred Project Report.

If you require any further information, please do not hesitate to contact myself on the details below.

Kind Regards,

Ainsley Rotgans | **Student Town Planner**
